## Explanatory Notes

1. Our Client Register is totally confidential, and you only need to complete the parts of the questionnaire that you are comfortable with to provide us with the information you wish us to keep on your behalf. You can become a registered client simply by completing your name address and contact details.
2. You can if you wish give details of your next of kin and this is often helpful for people who have family who live away as we are often used as a first point of contact to ascertain who should be contacted in the event of an emergency.
3. Your employment, National Insurance number and doctor's details are used if we would need to deal with either a Health & Welfare Power of Attorney or an Advance Decision for you or if we are assisting you with any tax affairs as these details would be required to deal with that.
4. There is also the option to record your "life's documentation" to assist either your attorneys or your executors by recording where important documents are kept. If we have acted for you in preparing any of these documents, then the relevant parts of the form will be completed as appropriate.
5. People living on their own are often concerned if there was an accident or if they were taken into hospital that their pets are looked after and there is an option to insert the details of a contact to assist with this as well as a note of who any key holders of your property might be. Please Note: We do not hold keys for client's properties neither do we record code numbers for key safes or alarms.
6. In relation to your property one of the common problems on someone's death is knowing whether the property is insured and if so with whom and when that property's insurance is due. By completing the relevant details, we would be able to pass that information on to your executors to assist them. This could be extremely useful, not only for your peace of mind, but in also co-ordinating and putting into action anything that needs to be done on your behalf to secure your property and other papers
7. If there is insufficient area to record other details you would like us to hold, please use the further information space on the reverse of the form on page 2. Please Note: We cannot hold details of any passwords or codes. Would you please however write in block capitals and preferably in black ink to assist us.
8. On completion of this form please return it to the office in the Freepost envelope provided; the details from the form will then be entered into our database and you will be allocated a unique client number under which your records will be stored. The original completed form will then be returned to you for you to keep as a record of the information you have provided, and we will also provide you with a small sized plastic registration card which can be kept in your wallet or purse and will identify us as willing and able to assist in the event of an accident or other unforeseen occurrence.
9. In addition, we will then send to each registered client an annual printout of the information we keep about them for consideration and if necessary updating. Should you require any information to be updated or deleted from the register this can be done at any time.
10. All information will be held securely. We are a Data Controller registered with the Information Commissioner's Office; the registered Data Controller is Ian Hunt under Register number Z323275X. Any information you supply is solely to assist us in providing you with the best possible service and advice. Please see the accompanying Data Protection Privacy Notice for further details of how we process your personal information and your rights in relation to that information.
